DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 6 is rejected under 35 U.S.C. 102(b) as being anticipated by GB 1,385,247 ('247).

GB ('247) teaches an amphibious vehicle (*see page 1, line 15*) having a movable trim tab [12] attached to the vehicle body for adjusting the vehicle attitude in response to a mode change event, wherein any change in the inclination of the vehicle – such as caused by pitching -- is considered to be the mode change event. A control system is provided for controlling the trim tab, and includes a detecting means (*see page 2, lines 51-56*) to automatically actuate the tab by an actuation means [14] in response to the mode change event.

It is noted that the control system is capable of providing a visual signal to an operator about the mode event.

Allowable Subject Matter

3. Claims 1, 3-5, 7, 8, 10 and 12-15 are allowed.

Response to Arguments

4. Applicant has neither amended the previously rejected claim 6, nor has provided any arguments against the rejection (*please see the non-final rejection mailed 09 August 2006*). Therefore, the previously set forth rejection of claim 6 is being maintained.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
